### Thank you to the Staff

I would like to take this opportunity to publicly thank all of the staff at Glenorie Public School for being a professional team, especially this year. The students and families are very fortunate to have such a great adaptable team working together to improve opportunities for your children. As parents, it must be comforting to know that your children learn with such competent professionals. Have a relaxing, well-deserved holiday.

### Good Luck Mrs Wardlaw

We would like to thank Mrs Wardlaw for all her hard work on 6W this term and dedication to our students. We wish Mrs Wardlaw all the best with the arrival of her first child in February. We would like to welcome Mrs Williams & Mrs Carter, two very experienced teachers who will be joining us from Ironbark Ridge Public School, replacing Mrs Holland and Mrs Wardlaw while they are on maternity leave in 2021.

### Class Numbers

As mentioned previously, our anticipated student numbers for 2021 are looking very healthy and it is expected that we will start the year with 12 classes. As with this year, it is expected that some of our classes may be multiage/composite classes. Multiage classes are as effective as single-grade classes. All teachers use our mandatory syllabus documents and teach students according to individual needs; we do not teach to "grades" any more.

### Handover

We have now established our preliminary class lists for 2021 and teachers have begun their handover processes to ensure information about each student is passed from this year's teacher to the next. Information on each student is tracked and recorded in individual student tracking sheets and teachers will be formally meeting this week and next to pass this information along, to ensure a smooth transition at the start of 2021.

### Day One 2021

At the start of next year, we must ensure that we account for the presence of each and every one of the 294 anticipated enrolments prior to formally placing students in their 2021 classes. This involves telephoning the parents of any students who have not returned to school to check on their whereabouts and anticipated return.

In the past two years we have been able to complete this process quickly, with students placed into their new classes by 10am on the first day of school. The first day for student attendance in 2021 is scheduled for Friday January 29. **I ask that you ensure that unless sick, your child attends school on this day.** If families take extended vacations and wait until Monday February 1 to return to school, we will be unable to form our classes on Day One and students will be required to remain in their 2020 classes until such time that we account for the whereabouts of each anticipated enrolment. Our current enrolment profile should mean we can form classes on the Friday as long as we do not have excessive student absences.

## JOIN THE BAND!

Is your child interested in joining the school band?

The school band is now taking enrolments for 2021 and is open to all students currently in years 2-5.

No prior experience needed!

During Term 4 students will see a ***band demonstration*** at school that highlights the different instruments available for tuition. After this demonstration they will receive a green *Expression of Interest* note providing introductory information.

What do you need to do?

1. Carefully read the green *Expression of Interest* and then register your child's interest in joining the band online at <https://www.teachingservices.com.au/eoi>
2. Once you register online a TSA tutor will meet your child to help them assess which instrument they are most suited to\*\*
3. The results of this instrument trial will be sent home with enrolment information

Learning an instrument in an ensemble is a great way to experience the social, educational and personal benefits that music and the arts have to offer! TSA provides a variety of tuition options as well as instrument hire and sales to help parents give the gift of music to their children.

TSA is a registered COVID-safe provider and delivers instrumental programs with a focus on inclusion, student engagement and well-being.

*\*\*Instrument trials will take place within strict COVID-safe guidelines and will include a basic aural and rhythm assessment among several other activities which measure your child's suitability for each instrument.*

December, 2020

The run up to Christmas and the holiday period can be busy and stressful. Throw in traffic congestion, fatigue and distraction. This edition provides some tips to help you get through it safely, as well as how to prepare for 2021.

### Driving tips

- Allow extra travel time to get to places.
- Avoid alcohol if you plan to drive.
- Place packages in the boot or restrain them with a seatbelt to avoid them moving about, in case of a crash.
- Ensure pets are properly restrained

### Planning ahead

Now is a great time to think about how your family will travel to school in 2021. Walking, cycling or catching a bus to school is a great alternative to school zone congestion.

- Plan and practise a safe travel route with your child/ren.
- Identify safe crossing locations.
- Discuss how to spot dangers, like vehicles exiting driveways.

### Double demerits

Double demerit points apply for speeding, seatbelt, mobile phone and motorcycle helmet offences during the following holiday periods:

#### **Christmas Day to New Years Day:**

Starts Thursday  
24 December 2020 to  
Sunday 3 January 2021  
(inclusive).

#### **Australia Day**

Starts Friday  
22 January 2021 to  
Tuesday 26 January 2021  
(inclusive).

*Wishing you a very safe and happy festive season!*

Model safe and considerate behaviour for your child - they will learn from you!

## Road safety on holidays

### A message from NSW Department of Education - road safety education

With the school holidays approaching, daily routines often change and everyone is a lot more relaxed. Different play locations and holiday destinations means changed traffic environments and new safety concerns. To help keep our children safe, we all need to remember these key road safety messages in these new environments:

#### **Point out the road safety differences and dangers.**

Roads, footpaths, parks, car parks and bike tracks can look very different in holiday areas or maybe totally foreign, especially if going overseas for your holidays.

#### **The best way to keep children safe is to actively supervise them.**

Talk and teach children about road safety every time you are out and about. Even on holidays it is important to actively supervise them.

#### **Talk to children about being a safe road user.**

When out walking talk about the safe decisions you make, they may not have experienced these situations before.

#### **Stop, look, listen, think every time you cross the road.**

If a child is aged 8 years or younger hold their hand when walking near or across roads. Up until at least 10 years old supervise them closely. When on holidays children can often be overly excited and not thinking about being safe.

#### **It's the law that everyone wears a helmet when riding a bike in a public place.**

It also makes good sense to wear a helmet when riding scooters and skateboards too! It is a great way to encourage always wearing a helmet.

#### **Click clack front 'n back every person for every trip.**

Safe travelling in the car on long distances means taking a break every two hours. Give your children fun things to do in the car so they don't distract the driver. If using a different car while on holidays check they are in the right child restraint for their age and size.

**Remind the other adults such as grandparents, aunts and uncles, who may be caring for your children while on holidays, about these key road safety messages. Take care and have a great holiday together.**

**Be extra careful out and about on the roads...make it a happy Christmas for everyone...**
